

T A I Ā T E A

Gathering of Oceans

Programme 4th to 12th March 2019

The key outcomes from the wananga and workshops are:

1. Strengthen community links and relationships and coordination across oceans
2. Shared learning on Ocean/Marine protection and management
3. Knowledge exchange and indigenous approaches to marine conservation, and the challenges and solutions
4. Develop a message or statement agreed by indigenous leaders, connect and align to reach a common ambition and set actions
5. Review the Global Goals for Ocean and Marine protection
