

Rosie Lagi

I am the only woman & one of the 3 Rotumans that is standing for this election. This is a very important election for Rotumans who have registered to vote because the Constitution of 2013 no longer ensures a Rotuman voice in Parliament. Rosie or Ms Lagi as she is commonly known is of the following:

- A specialist in Forensic accounting & Fraud Examination (The only candidate (total 248)that is standing with such a background). A former:
 - Accountant
 - Tax auditor
 - Internal auditor
 - Intelligence officer
 - School teacher in Soc Sc, English & Accounting
 - University lecturer in Financial & Management Accounting, Taxation, Commercial law & Auditing
 - Lawyer (Barrister & Solicitor) special focus on would - be corrupt persons
 - Board of Director: Housing Authority of Fiji , Public Rental Board, Transparency International - Fiji, Institute of Internal Auditors – Fiji, YWCA – Fiji , Ministry of Local Govt Committee & Rotuman groups & many others.
 - Professional with both public and private sector experiences
 - Double Masters (Forensic Accounting & Business Administration)
 - Double Bachelors (Accounting & Economics & LLB) • Double Diplomas (Education & Internet Governance)

I recently campaigned in Rotuma and the so called developments on the island are either unsustainable or incomplete or non existent. (You're very true Fuata) Likewise any such projects (Abel Camillo) e.g. boat, Rotuma House, airport must be pushed through in Parliament. The administration of Rotuma by the govt of the day must be reviewed in its entirety. It cannot continue as it is & it's a pledge that I will undertake if fortunate to be in Parliament.

Incidentally I am the same person that had floated the idea of a Rotuman Diaspora last year around Sept, long before I even agreed to stand for this election. May God Bless Rotuma & its people. With best wishes for the other 2 candidates as well.
